

ASV-EBS200

自動拉腰機

Automatic Elastic Waistband
Attaching Machine

特點

FEATURES

- 1** 全自動一體化作業：整合送料、縫製與收料流程，有效降低人力成本。

Fully Automated Integrated Operation: Combines feeding, sewing, and take-up processes in one system, significantly reducing labor costs.

- 2** 操作簡單，快速上手：無需專業技術，提升導入效率。

User-friendly operation with minimal training required.

- 3** 高效產能表現：適合大量生產鬆緊腰頭產品。

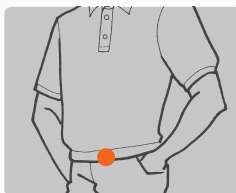

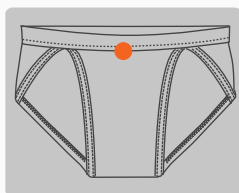

High productivity for elastic waistband mass production.

- 4** 高穩定品質：電控多針系統搭配自動切線，確保縫製一致性。

High Stability & Quality: An electronic multi-needle system with automatic thread trimming ensures consistent sewing performance and quality.

- 5** 自動收料系統：減少人工整理，提高整體效率。

Integrated automatic collecting system to streamline workflow.

全自動鬆緊帶縫製系統，結合高效率、穩定品質與簡易操作，最佳化量產流程。

An all-in-one automatic elastic waistband sewing system designed for efficiency, consistency, and ease of use.
